Notes:

NA = Not available because the sample size was too small to make an accurate estimate.

- = For this table cell, there were so few sample respondents (in some cases zero) reporting that the estimated universe proportion was rounded to 0.0 percent. It is estimated that the true value is only slightly greater than zero.

AFS transaction products are non-bank check cashing, non-bank money orders and non-bank remittances. AFS credit products are payday loans, pawn shop loans, rent-to-own agreements and refund anticipation loans.
