**Notes:**

Households are categorized by their most recent known use of AFS. Households that used AFS in the last year, but did not know whether AFS was used in the last 30 days, are categorized as having used AFS in the last 2-12 months. Households that had ever used AFS, but did not know whether AFS was used in the last year, are categorized as having used AFS, but not in the last 12 months. The unknown category includes only households that did not know whether they had ever used AFS.

(a) Households were not asked whether they used these AFS products in the last 30 days.

- = For this table cell there were so few sample respondents (in some cases zero) reporting that the estimated universe proportion was rounded to 0.0 percent. It is estimated that the true value is only slightly greater than zero.
