- Source: 2013 FDIC National Survey of Unbanked and Underbanked Households.
- Figures do not always reconcile to totals because of rounding.
- NA = Not available because the sample size was too small to produce a precise estimate.
- - = For this table cell, the estimated proportion would round to zero. The population proportion, however, is likely to be slightly greater than zero.
- household income (imputed) can only be compared for years 2011 and beyond as it has imputed income which was not available in the 2009.
- Based on physical limitations or NILF - Disabled, applicable to ages between 25 and 64.
